ABOUT UKAWEP

We are the only training institution in the UK to offer specialised courses in Wedding Styling and Event Design. Along with our flagship Certificates in Wedding Planning and Event Planning we also offer a Certificate in Event Design, Diploma in Wedding Planning, Styling and Design and Advanced Diploma in Special Event Planning and Design.

HISTORY

Founded in 2003 the Academy has developed a highly sort after range of courses and training tools to accredit wedding planners, event planners, wedding stylists and event designers in the UK. Starting off with a basic paper based wedding planning course we have undergone many course upgrades to bring the course into the 21st century. In the last decade the way training is offered has changed. It has become extremely innovative and interactive and requires so much more than what a simple paper based course can offer.

With this in mind in 2009 we rewrote all our courses and put them into E learning format and developed a bespoke, user-friendly online study environment. The Academy has always been leaders in the field of training for the wedding and events industry. We believe in being innovators and not allowing ourselves to follow the pack and our students benefit from this. We actively seek out partnerships and affiliations with renowned industry professionals to offer the most up to date information available in the form of webinars, podcast and library articles. We were the first training institution to offer a course in event design, which also allows students to specialise in the area of wedding styling.

As part of an international group, which includes the UK, Australia, New Zealand and the US, the Academy students benefit from being able to network and learn from students across all our campuses.
